Resolutions by the numbers													
This section of the report provides the resolution counts for the report prefix.													
Resolutions attempts							3,693						
Resolved at Handle							2,672						
Handle Failures							1,021						
Resolved at local link server							0						
Unique DOIs attempted							751						
Unique DOIs resolved at handle							397						
Unique DOIs that failed at handle							354						
Unique DOIs resolved at local link server							0						
Key terms defined from this section													
<p>Resolution attempts is the same as total "resolutions" above.</p> <p>Resolved at handle is the number of resolutions that successfully looked up at doi.org.</p> <p>Handle failures is the number of resolutions that failed to look up at doi.org, either due to a technical problem or because the DOIs did not exist.</p> <p>Resolved at local link server counts resolutions that were looked up at local link servers.</p>													
Successful resolution counts by publication title													
The number of total DOI resolutions per title.
